We will like to welcome 1SG Herring, SSG Bridges, SSG Spence, and SSG Fields to the Bulldog family as well as 4th Platoon with 102 Soldiers. We extend our farewells to 1SG Roscoe, SFC Dixon, SSG Valdermoro, and SGT Perez...thanks for all your hard work & dedication to our unit.

Bravo Company's Soldier of the Month (Mar 07) PFC Joseph Jenkins / 5th Platoon

Hello Bravo Bulldogs, my name is PFC Joseph Jenkins. I moved from Salkotten, Germany to New York when I was two and then moved to the Fort Knox area when I was 12. I graduated from Meade County High school in 2005. I was active in FBLA, Parliamentary procedure, Pep club. I played varsity baseball. After high school I register at Elizabethtown Community College and completed two semesters. I enlisted in the Army on March 3, 2006. I completed basic training in Fort Jackson, South Carolina. Under the split-option program. I returned the following year to complete my training as a 68M (Dietician). In between BCT and AIT, I started my sophomore year at Western Kentucky University where I'm a brother of the Sigma Nu Fraternity, Eta Rho Chapter.

My short term goal is to be an honor graduate for both 92G and 68M Schools. I plan on graduating from Western Kentucky University 2 or three years from now. I also want to summit a packet for Drill Sergeant school. My last goal is to make my parents, my superiors, and my country proud of everything I do.

1SG Anthony Roscoe's Legacy will always be remembered

1SG Roscoe farewell speech was very touching and affected some? hint, hint...SFC Mingo

CPT Shim & 1LT Davis presented 1SG Roscoe with a plaque on behalf of the Command Team.

1SG Anthony Roscoe relinquished responsibility as Bulldog First Sergeant on 9 Mar 07. 1SG Roscoe will forever be missed by the Cadre and Soldiers of Bravo Company. 1SG Roscoe here is how we describe YOU, "A leader must possess the highest level of passion for their vision in order to inspire those around them with that same level of energy. A leader who does not demonstrate passion for what they're doing will instead emit a negative energy to their team, which will cause chaos and de-motivation towards their goals. Always be passionate about what you are doing and strive to share that passion with others. Remember the saying...Energy flows where attention goes", and you were always that energy during those challenging days. We wish the best in your future endeavors and we know that you will be a great Command Sergeant Major!

LT Davis, Code name: "Young Blood" moves quick to get another dodge ball

On April 10, 2007, Bravo Company entered three teams in the Fort Lee's AIT Dodge Ball League. Due to the lack of participation among AIT units, we were forced to enter the Permanent Party League. So far, Bravo Company is 4-1 overall. We have defeated Team MWR, 530th BN, and CASCOM. The only loss came when two of our own teams played against each other. According to PVT Kantner, "The idea of a Dodge Ball Team was a great idea since it fosters spirit de corps. We get to have fun together as a team and revisit the "younger" side of ourselves once again. It has been a great experience so far. Balls Up!" Soldiers are looking forward to the rest of the season

Greetings to Bravo Company! On our sixth issue, the company has been busy ensuring that every Soldier is fully trained & equipped with all the skills to make an immediate impact on their units. Every leader in Bulldog Country takes training as our number one priority for every Soldier that is assigned to Bravo Company. Throughout the past two months the unit has lost the following great leaders: 1SG Roscoe, SFC Dixon, SSG Rodriguez, SSG Valdermoro, and SGT Perez. We thank them all for their dedication and commitment to training Soldiers. 1SG Roscoe it was a privilege and honor to have been given the opportunity to work side by side with you. I look forward to working with 1SG Herring throughout my time in command. I will ensure that the new command team will continue a great tradition of taking care of NCOs and Soldiers. Our Company has the privilege and honor to teach, train, and mentor the future Food Service Specialist in our Army. Leading Soldiers is what I love doing and is the ultimate reason why I put on my PT and ACUs daily...I am driven by being surrounded by professional NCOs and Soldiers.

First Sergeant's Corner: *Lawrence Herring, 1SG*

It has been a wonderful month with the "Bulldogs" We have already overcome a lot of milestones. The Non-Commissioned Officers are doing great things day in and day out. Lead, train, mentor and care for our most precious resource, OUR YOUNG WARRIORS. I am extremely proud to be the First Sergeant of Bravo Company and am exceptionally proud of my NCOs for they haven't lost their swagger even after being in a program for almost a year. I will say to you, these outstanding Non-Commissioned Officers at Bravo Company, 266th Quartermaster Battalion: They will never quit nor will they ever accept defeat.
